California Fig Syrup Co

Having met with the highest success in the manufacture and sale of the excellent liquid laxative, remedy, Syrup of Figs, it has become important to all to have knowledge of the Company and its products. The great value of the remedy as a medicinal agent, and of the Company's efforts, is attested by the sale of millions of bottles annually and by the high approval of most eminent physicians.

The California Fig Syrup Co. was organized more than twelve years ago, for the special purpose of manufacturing and selling a laxative remedy, which would be more pleasant to the taste and more beneficial in its effects than any other known. In the process of manufacturing, figs are used, as they are pleasant to the taste, and healthful in their tendencies, but the medicinal properties of the remedy are obtained from an excellent combination of plants known to be medicinally laxative, and to act most beneficially.

If in the enjoyment of good health, and the system is regular, then laxative or other remedies are not needed. If afflicted with any actual disease one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
